

**REMARKS/ARGUMENTS**

Claims 1-20 are pending in this Application.

Claims 5 and 19 are currently amended. Applicants submit that support for the claim amendments and the newly added claims can be found throughout the specification and the drawings. Claims 1-20 are now pending in the Application after entry of this Amendment. No new matter has been entered.

In regards to claim 5, Applicants have amended claim 5 to recite, in part, “said at least one dynamic object is coupled to the animated character” (emphasis added). Applicants believe that the amended phrase is supported in claim 5 by the earlier phrase “wherein said kinematic object is an animated character” (emphasis added).

In regards to claim 19, Applicants have amended the phrase introduced by the Examiner’s Amendment in the Notice of Allowance to claim 19 to recite “displaying the kinematic object and the dynamic object, including associated motions of the kinematic object and the dynamic object.”

**CONCLUSION**

Applicants respectfully request entry of this Amendment, since it merely cures formal defects in one or more of the claims and does not touch the merits.

Respectfully submitted,

/Sean F. Parmenter/
